## Introduction to the Citroën Protector Program

Owning a Citroën car is a liberating experience that allows you to enjoy life to the fullest. However, being a car owner can sometimes mean incurring unexpected costs under unforeseen circumstances.

That's why, with the Citroën Protector Program, you can potentially save thousands of dollars in the event your car breaks down and needs repairs. The Citroën Protector Program is a 1-year or 2-year extended warranty program that covers your car after the 5 years/100,000km expires.

Accurate fault diagnosis is ensured with the Citroën diagnostic tool, Diagbox, and our qualified technical professionals at Cycle & Carriage possess the necessary knowledge to ensure that your car gets the recommended repairs according to factory recommendations.

We are also committed to restoring your Citroën to its original specifications using only Citroën Genuine Parts.

Additionally, we also keep track of all your service records. This ensures that our Service Advisors are in the best position to advise you the type of repair your vehicle requires.

## Coverage

Subject to the terms & conditions of this Citroën Protector Program, if the vehicle suffers a mechanical and electrical failure (excluding everyday wear and tear), Cycle & Carriage will, during the warranty period, undertake the obligations of having the mechanical and electrical failure repaired and restored by an authorised repairer without charging the owner.

For more details on the terms and conditions and covered components, please scan the QR code.

## Price List

		1-Year/25,000km Citroën Protector Program	2-Year/50,000km Citroën Protector Program
