

The Power to Surprise

Kia is the newest and most exciting force of change in the automotive world and we are ready to change the way you feel and think about driving. More than just a promise, we are committed to making driving a true pleasure for customers across the globe. With youthful and dynamic styling and the latest in advanced technologies, Kia cars are turning heads the world over with the power to surprise. From the Cerato to the Stinger, Kia offers a full lineup of sedans, SUVs and MPVs that are not only practical and stylish but downright exhilarating to drive. Keep your eyes on Kia because our best has yet to come.

About Kia Motors Corporation

Kia Motors Corporation (www.kia.com) - a maker of world-class quality vehicles for the young-at-heart - was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. About 3 million Kia vehicles a year are produced at 14 manufacturing and assembly operations in five countries which are then sold and serviced through a network of distributors and dealers covering around 180 countries. Today, Kia has over 51,000 employees worldwide and an annual revenue of nearly US\$47 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA - the governing body of the FIFA World Cup™. Kia Motors Corporation's brand slogan - "The Power to Surprise" - represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.

All-new

STONIC

The Power to Surprise

Break completely free from routine

With eye-catching contours and confident handling, the Kia Stonic brings fresh excitement to the Compact Utility Vehicle. The visual tension of its bold lines hints at adventure. Its roomy interior, ample power and stable ride promise lasting contentment.

A friendly yet strong disposition

Aggressive front styling sets the signature Kia grille between bi-function headlamps. A large lower intake draws in engine-cooling air, while side intakes direct airflow to the wheelwells to help cut turbulence and cool the brakes.

The graceful side of utility

From behind, the agile Stonic makes a striking impression with its dramatically raked, spoiler-capped rear window, and three-dimensional LED rear combination lamps. Its muscular fenders, bumper and airflow-regulating skid plate project strength and practicality.

Your personal link to all its powers

In the Stonic, clean, sculpted contours please the eye, and driving is refreshingly fun. The steering wheel is shaped to stay clear of your legs and the shift knob and other controls are positioned for quick engagement. Staying focused is the name of the game.

Strictly on a need-to-know basis

The Stonic puts crucial information right where you need it, while banishing distractions. Vehicle data is close to the forward line of vision. Other interfaces are simply arranged, including map directions and entertainment in the center floating display.

3.5-inch Supervision cluster Between the speedometer and tachometer, this screen displays auto, audio, and parking information.

Aux & USB Front Charger Connect audio devices with a 3.5mm (analog) jack. A USB outlet lets you connect or simply charge mobile devices.

Rear USB Charging port A USB jack at the rear of the center console lets rear-seat occupants charge USB devices while they ride.

Bluetooth Bluetooth technology gives you hands-free access to your phone and its functions.

Voice recognition This feature lets you use your smartphone's voice recognition and command functionalities via Apple CarPlay.

7-inch touchscreen infotainment system The 7-inch LCD floating touchscreen offers Apple CarPlay and rear camera display.

Front

Rear

Dedicated to maintaining your cool

The roomy interior can seat up to five people with ample space for stretching and relaxing. Up-to-date entertainment choices and automatic air conditioning (SX only) make the ride even more welcoming.

More capacity means more capability

A compact SUV like the Stonic is designed to put plans and dreams in motion. Its spacious interior and cargo flexibility make it easy to set out on adventures, and get more things done in the course of a day.

Folding 2nd-row seats Rear seats fold nearly flat, so you can fit long or bulky items in an extended cargo space.

60:40 split-folding rear seats The rear seatbacks split 60:40 and fold flat separately, offering you flexibility in managing cargo and passenger space.

Adjustable cargo floor Position the cargo-area floor board higher, to be flushed with the folded seat backs, or lower, to accommodate tall items.

Covering shelf: A rear shelf keeps cargo out of view. Attached to the rear gate by cords, it lifts out of the way when the tailgate is opened.

Luggage net: An elasticized luggage net keeps luggage and cargo from moving around in the cargo space.

Tap into precisely matched applications of power

The Stonic is offered with a 3 cylinder gasoline engine paired with a quick-shifting dual clutch transmission for remarkable power and appealing efficiency.

Engine	1.0 T-GDI
Displacement (cc)	998
Max. power (ps/rpm)	120/6,000
Max. torque (Nm/rpm)	171/1,500-4,000
Mated transmission	7-speed dual clutch transmission

Automatic transmission

The 7-speed dual clutch transmission offers smooth and responsive shifting. Gear ratios have been matched to the engine torque curves, optimising power and efficiency.

Placing safety above all else

Protecting the people inside is always the highest priority. The Stonic is engineered to help drivers stay out of trouble and to manage collision forces in ways that minimize the potential of harm to occupants.

Hill-start Assist Control (HAC) When you're on a steep upward incline, pulling away from a standing start can be a worrying experience. HAC stops you from rolling backwards.

Vehicle Stability Management (VSM) Working in conjunction with the Motor Driven Power Steering, VSM helps ensure that the Stonic remains stable when simultaneously braking and cornering.

Torque Vectoring by braking (TVBB) TVBB is the brake-based torque vectoring system that selectively brakes the inside front wheel when cornering to keep that wheel from spinning.

24%

 stronger through added AHSS

The Stonic uses more Advanced High Strength Steel (AHSS) than previous models that share its platform, resulting in 24% greater average tensile strength. This makes the body phenomenally rigid, enhancing cabin protection as well as dynamic performance.

97m

 of structural adhesive

With 50% more structural adhesive than is found in some competitor CUVs, the all-new Stonic is both rigid and light, and offers outstanding noise, vibration and harshness management.

8 zones

 with hot-stamped components

The Stonic features hot-stamping of components in 8 core stress areas, contributing to exceptional rigidity. The strengthened body structure helps provide improved crash protection.

6 airbags

Protection includes front airbags for the driver and front-seat passenger, two airbags at the sides, and two curtain airbags running the length of the cabin.

A good way to travel, wherever you go

Discovering new places and experiences is a lot easier to imagine when you know you're backed up by a solid network of safety technologies. They not only look out for you, but also add to the dynamic enjoyment of driving.

Make it yours and yours only

Now that you've seen the amazing things the Stonic can do, it's time to make the exciting decisions. It's time to choose the colours, materials and extras that will tell the world this Stonic is all yours.

The colours of delight

The Stonic comes in refreshingly bold and lively colours that bring out the best in its contours. You can even make your Stonic two-tone by choosing one of the special roof-colour options.

Colour packages

Colours can say a lot about your attitude towards life. The Stonic is available in exciting combinations of exterior colours. Refreshingly lively interior colour packages help to complete the look, with appealingly coordinated seat stitching, embroidered seat-back patterns, and dash and console trim elements.

Gray Two-tone Interior (Green PKG) - For two-tone combinations of exterior colours only.

Gray Two-tone interior (Green Package)

Two-tone light and medium gray artificial leather seats feature bright green stitching. Breathable gray cloth inserts include a nailhead pattern, horizontal embroidered stripes, and green embossed accents that match the tone of the bright green trim on the dash and center console. Door armrests are a medium gray.

Gray Two-tone Interior (Orange PKG) - For two-tone combinations of exterior colours only.

Gray Two-tone interior (Orange Package)

Two-tone light and medium gray artificial leather seats have bright orange stitching. Breathable gray cloth inserts include a nailhead pattern, horizontal embroidered stripes, and orange embossed accents that match the tone of the bright orange trim on the dash and center console. Door armrests are a medium gray.

Seat and trim materials

Whether your style is urban or outdoorsy, there's a Stonic interior treatment that will provide you with lasting enjoyment. Choose from a variety of tasteful and durable colours and fabric treatments.

Black Interior

Black artificial leather

Black artificial leather trim is embossed in a subtle diagonal plaid arrangement of micro perforations for breathability. Luxurious deep black trim on the doors and dash give the interior an elegant ambience.

Let's make this personal

Commuter? Weekend getaways? A sound chamber for music lovers? At a certain point, only you can decide what a vehicle is for and what belongs in it. The Stonic is offered with a wealth of equipment that can help make it feel like it was custom-made for you from the start.

Smart Key & Button start/stop with keyless entry system

The engine start/stop button lets you turn the ignition on and off with a simple push of a finger.

Bridge-type roof rack (SX only) Store bikes, luggage or bulky sporting goods securely on the roof to preserve interior space and protect the upholstery from soil and moisture.

Aeroblade wipers Aerodynamic wiper blades maintain contact with the windshield, even at high speeds.

Power windows Power window controls allow passengers to control the amount of air going in and out of the car.

Manual A/C (EX only) The manual air conditioning includes dials for temperature, fan speed and airflow points, with more buttons for modes, defrosting and recirculation.

Automatic Temperature Control (SX only) Auto temperature control lets you select a desired temperature for the system to maintain. A digital readout displays temperature and settings.

Tweeters High-quality high-range speakers are strategically positioned for clarity and balance with the other speakers.

Sun visor illumination lamps Tasteful LEDs beside the vanity mirror on the driver-side sun visor light up to help with last minute touch-ups.

Bi-projection headlamps Bi-projection headlamps offer more precise illumination, enabling you to better detect obstacles and navigate the road ahead.

LED rear combination lamp (SX only) LED rear combination lamps illuminate instantly and give the rear a modern, high-tech appearance.

ISG (Idle Stop & Go) When enabled, ISG allows the engine to shut off when idle, improving fuel efficiency and reducing emissions.

Metal pedal pads (SX only) Add an authentically sporty look and feel to the interior with metal finished pedal pads.

Steering wheel audio remote Adjust audio settings using just your thumb for enhanced driving safety.

Auto Cruise Control with speed limiter (SX only) The auto cruise function can be activated using steering wheel-mounted controls, making it easy to set your desired speed.

Parking Distance Warning-Reverse (PDW-R) When you back into a parking spot, audible beeps alert you of the distance to obstacles behind as you reverse.

Rain sensor (SX only) When it detects raindrops on the windshield, the rain sensor activates the wipers automatically.

Skid plate An attractive, aerodynamically contoured skid plate below the rear bumper helps protect the body and fuel tank from scrapes.

Electric folding mirrors with side repeaters The outside mirrors can be folded and unfolded conveniently with the push of a button.

Sunglasses storage with overhead console lamp An overhead console helps you stay organised.

Center console armrest The comfortable armrest is coordinated with interior trim and integrated with a console that includes two cupholders and a sliding compartment.

Rear parking assist system with rear view camera and dynamic guidelines The rear view camera projects dynamic, bending guidelines through the 7-inch LCD floating touchscreen to make parking a breeze.

The finishing details

With its striking silhouette and muscular contours, the Stonic will draw longing glances.

Dimensions (mm)

Cycle & Carriage After-sales Service keeps your car in its prime

We care for you the same way we care for our family. Experience the Cycle & Carriage Kia Service spirit as we welcome you at our Kia Service Centres.

With more than a century in the automotive industry, we can assure you that you will enjoy the most comprehensive customer support and first-class service by well-trained professionals, using state-of-the-art technologies, diagnostic tools and Grade A genuine parts to keep your Kia vehicle running in peak condition. All Kia genuine parts come with 1 year or 20,000km (whichever comes first) warranty.

This is our commitment to you.

Industry-leading warranty

We are confident of the quality and durability of every Kia vehicle, having undergone stringent pre-delivery processes and checks before being delivered in pristine condition. We are so confident that your new Kia car will enjoy a 5-year unlimited mileage warranty and a 10-year engine warranty.

From the date of registration, your new Kia car is covered against defects in materials and workmanship for a period of 5 years of factory unlimited mileage.

On top of that, starting from 1 June 2014, your Kia car will come with a 10-year engine warranty, subject to a maximum mileage of 200,000km or 10 years, whichever is earlier. This engine warranty from Cycle & Carriage will take effect immediately after the expiry of the manufacturer's.
