CITROËN

**NEW C5 AIRCROSS SUV**

During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

# 1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

# 2019

The spectacular design of the 100% electric 19\_19 Concept is inspired by aeronautics and pushes comfort to the extreme, with a lounge on-the-move experience created by intelligent suspension. It also provides autonomous driving, a personal assistant and a range of 500 miles.

## 1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

## 1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

## 1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

## 1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

## 1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

## 1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

# TEN KEY ADVANTAGES

## AWARD WINNING POWERTRAIN

Powered by petrol engine.

PAGES 8 - 9

## DYNAMIC DESIGN

With a new dynamic front end and a redesigned light signature at the rear.

PAGES 10 - 15

## THE COCOON EFFECT

A refined and elegant interior designed with everyone's wellbeing in mind.

PAGES 16 - 17

# PETROL ENGINE

New Citroën C5 Aircross is equipped with the latest generation of the PureTech 130 petrol engine, available with the 8 Speed Efficient Automatic Transmission Gearbox.

# STYLE

## A NEW DYNAMIC FRONT FACE

New Citroën C5 Aircross has a new front end which accentuates its robust character. Typically Citroën, the "V" LED light signature, both fine and sculpted, creates a 3D effect by means of a "piano key" detail. The discreet LED Vision headlights visually extend the gloss black grille. All sculpted lines, it sets itself apart through chrome highlights and gloss black chevrons, with a chrome surround in the central section. The main air intakes have sharper lines which sculpt the lower front panel. The side scoops increase the aerodynamic properties and visually widen the vehicle.

# ROBUST AND ELEGANT

A CHARACTER THAT REFLECTS YOUR PERSONALITY  
New Citroën C5 Aircross asserts its presence thanks to its high and horizontal bonnet, its large 720 mm diameter wheels, its raised ground clearance, its Airbumps® and its roof rails. An elegant chromed "C" signature surrounds the wide side windows and accentuates the floating appearance of the roof.

*\*Local specs differ.*

# REFINED INTERIOR

## SPACIOUS AND WELCOMING PASSENGER COMPARTMENT

As soon as you open the doors, the interior of New Citroën C5 Aircross gives an impression of comfort, peace of mind and space. Simply take your seat, and you'll immediately feel valued and protected, thanks to the high driving position and the spacious and upmarket cabin. The dashboard also incorporates a 8" HD capacitive touchscreen. The materials, inspired by the world of travel and luggage, are a pleasure both to see and touch. The combination of gloss black details and chrome inserts, as well as finishing touches like the elegantly designed overstitching, show the care taken over the details.

*\*Local specs differ.*

# THE COCOON EFFECT

## SOFTNESS FOR EVERYONE

New Citroën C5 Aircross innovates with its overall comfort, as you'd expect from Citroën.

On board, everyone benefits from exceptional insulation from the outside world: road noise and wind noise have been reduced by means of acoustic laminated front windows\*, with increased thickness and an insulating layer.

For optimum comfort, New Citroën C5 Aircross is also fitted with a system for purifying the air in the passenger compartment, AQS\* or "Air Quality System", which detects pollution of the exterior air and filters it by automatically adjusting the circulation mode in the passenger compartment.

\* According to version.

# WELL-BEING

## FOR UNRIVALLED ULTIMATE COMFORT

Contemporary and welcoming, the interior of New Citroën C5 Aircross has been designed to ensure serenity reigns supreme. The CITROËN ADVANCED COMFORT® programme delivers innovative, technological and intelligent solutions to create well-being for drivers and passengers alike, and confirms Citroën's driving-comfort credentials. Four main themes are at the heart of this comfort engineering: the cocoon effect, practicality, fluidity and peace of mind.

**FILTER**  
OUT STRESS

**MAKE LIFE**  
ON BOARD EASIER

**LIGHTEN**  
THE MENTAL LOAD

**SIMPLE**  
TO USE

# CITROËN ADVANCED COMFORT® SUSPENSION

---

## "FLYING CARPET" EFFECT

Developed as a world exclusive by Citroën, the suspension featured on New Citroën C5 Aircross offers unprecedented driving comfort. This innovation filters out and absorbs both major imperfections and small irregularities in the road surface to give the impression that you are flying over the road, while guaranteeing exceptional body stability and dynamism.

## EXCEPTIONAL RIDE QUALITY

Whereas conventional suspension has a shock absorber, a spring and a mechanical stop, Citroën Advanced Comfort® suspension adds 2 hydraulic cushions on either side, one for rebound and one for compression.

# ADVANCED COMFORT SEATS

## YOUR LOUNGE ON THE MOVE

At the cutting edge in terms of comfort, New Citroën C5 Aircross is fitted with seats with wide cushions and seat backs, in a new design inspired by the most comfortable furniture. Their innovative composition, combining high density foam at the core of the seat and a 15 mm thick textured foam on the surface, guarantees permanent support and softness of the cushion without any sagging over time. The whole structure offers a level of driving comfort which has never been felt before in a car and transforms both short and long journeys.

*\*Local specs differ.*

# IN-VEHICLE WELL-BEING

---

## CLEVER STORAGE COMPARTMENTS

On-board comfort also means having somewhere to put everything you need, which is why New Citroën C5 Aircross has numerous practical and functional storage compartments. Between the large space under the central armrest, its glove box and its wide storage compartments in the doors, there's room for everything.

*\*Local specs differ.*

# 3 FULL-SIZE REAR SEATS

## COMFORT FOR EVERYONE

With its 3 individual seats in the rear, New Citroën C5 Aircross sets itself apart in its segment. As they are of identical width, they provide the same comfort for the middle passenger as for the other occupants. They recline, offering 5 different positions, for optimum comfort. They can also slide forward by up to 150 mm, optimising the interior space or the boot volume according to your requirements. They can also be folded flat to form a truly flat load space.

\*Local specs differ.

# HANDS-FREE OPENING\*

The boot volume of New Citroën C5 Aircross is 580 litres, which can be extended up to 720 litres with the rear seats moved as far forward as possible, making the boot the most generous in its category. It reaches 1,630 litres with the rear seats folded flat. The clever boot floor configuration gives you the choice of maximum space or a truly flat floor thanks to its adjustable floor with two positions.

*\*Hands-Free Opening is only available as a top up option.*

In addition to offering exceptional passenger space, the interior space of New Citroën C5 Aircross can be configured to suit your requirements thanks to its sliding, reclining and fold-flat rear seats.

*\*Local specs differ.*

# PEACE OF MIND

## FOR YOUR COMFORT AND SAFETY

For peace of mind on all your journeys, New Citroën C5 Aircross ensures perfect continuity between your digital world and your vehicle, using advanced connectivity technology. To these intuitive systems are added numerous truly useful driving assistance systems, which enhance safety and make everyday driving easier.

# CONNECTED NAVIGATION IN REALTIME

## MY CITROËN PLAY

Thanks to this function, compatible with Android Auto™ and Apple CarPlay®, the touch screen allows you to duplicate your smartphone's display to find routes, make calls, send messages and listen to music, all without taking your eyes off the road. Depending on the device, some applications may be controlled by voice, so you can keep your eyes on the road at all times.

## A MORE ERGONOMIC TOUCHSCREEN

The new 8" high-definition gloss black capacitive touchscreen fitted in New Citroën C5 Aircross is responsive and intuitive to use. Perfectly positioned on the dashboard, the touchscreen makes it easy for navigation.

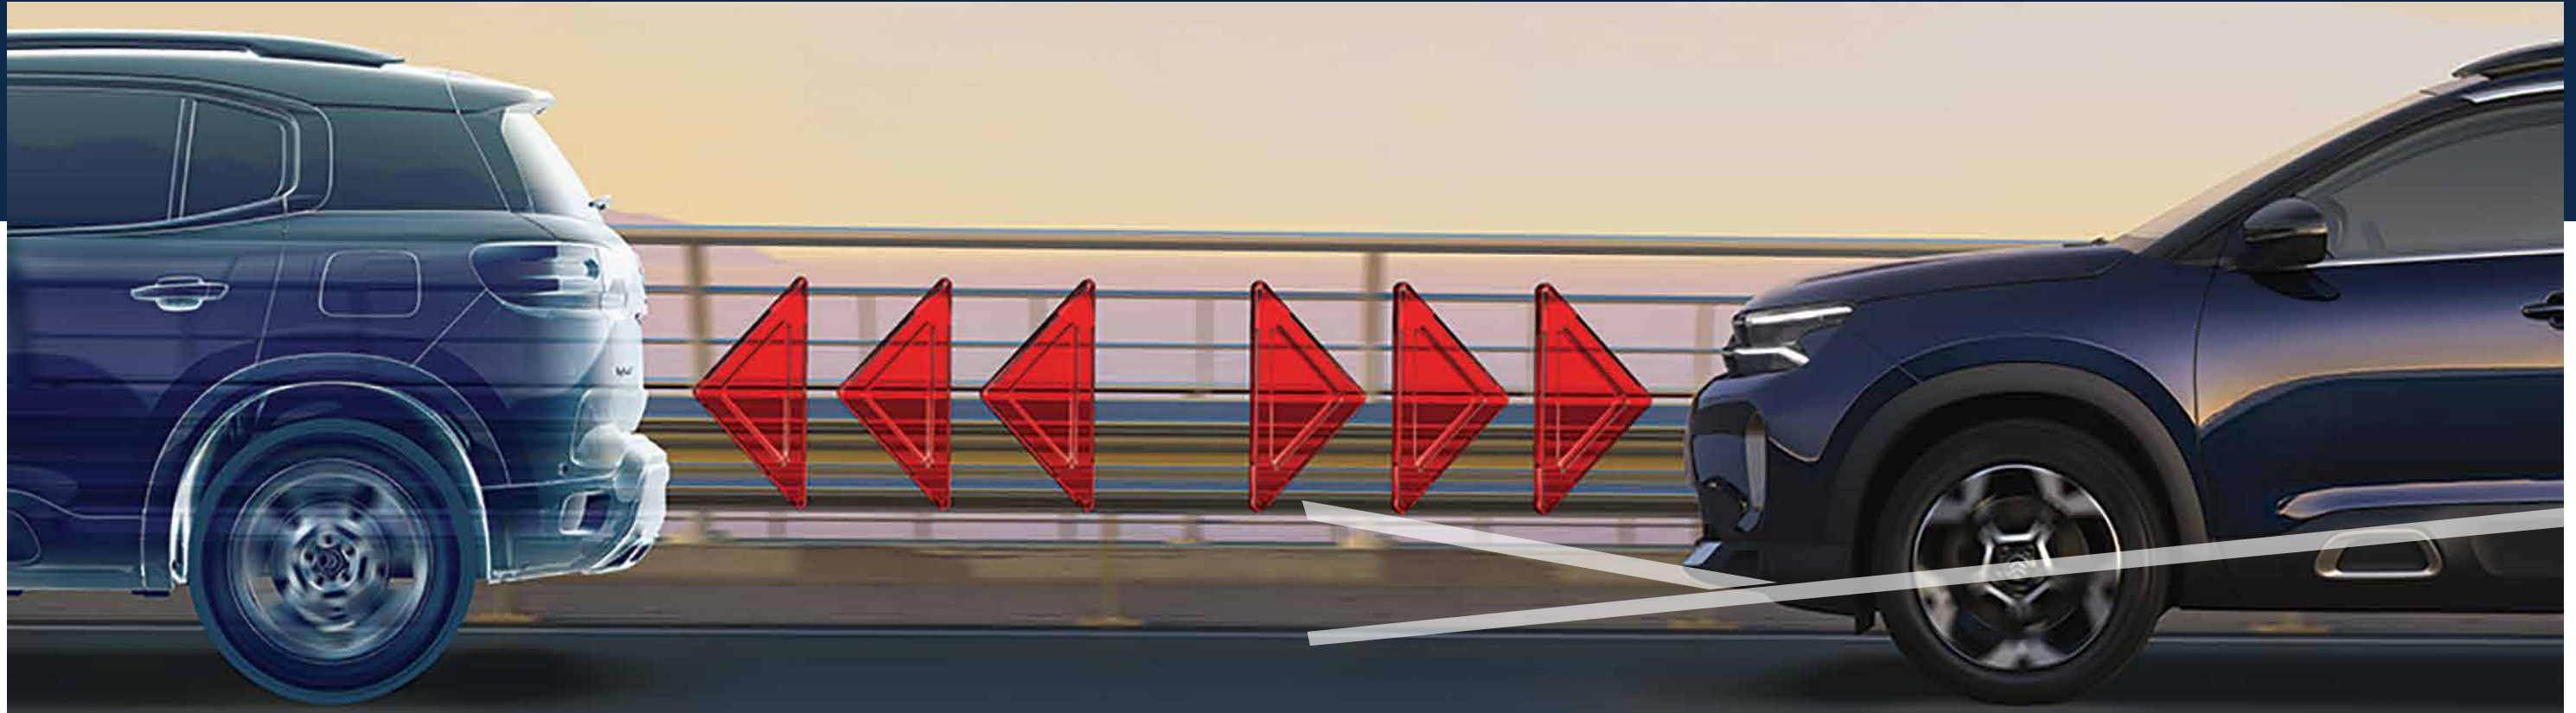

## HIGH RESOLUTION DRIVER'S DIGITAL DISPLAY

New Citroën C5 Aircross is also fitted with a customisable 12.3" digital instrument panel. This presents exceptionally easy to read driving information which you can configure as you wish.

*\*Local specs differ.*

In addition to the driving assistance systems described below, New C5 Aircross offers Electric Parking Brake, Collision Risk Alert, Lane Keeping Assist, Hill Start Assist and Cruise Control.

#### **ACTIVE SAFETY BRAKE**

This emergency braking system reduces the risk of collisions. It works from speeds of 3 mph with fixed or moving objects and with pedestrians. If a risk of collision is detected, an alert is given to the driver. If the driver does not react, the system applies the brakes automatically.

# CITROËN CARE

---

At Cycle & Carriage, we take pride in the competence of our after-sales staff, who are well-trained and fully qualified to look after your CITROËN vehicle. Our team is always kept up-to-date with the latest developments in the automotive industry, thanks to a rigorous ongoing training programme conducted by our in-house trainers, as well as trainers from the Manufacturer.

With more than a century-long history in the automotive industry in Singapore, you can entrust your vehicle to Cycle & Carriage, knowing that we use the latest recommended diagnostic system – Diagbox, from the Manufacturer. We also use Grade A genuine parts and the right specifications of lubricants and consumables, so as to keep your CITROËN vehicle running at its optimal condition. This is especially important in a hot and humid climate like Singapore.

FOR ADDED PEACE OF MIND, ALL CITROËN CARS COME WITH A TOTAL OF 3 + 2 YEARS/200,000KM WARRANTY (WHICHEVER IS EARLIER).

For more information on aftersales services and a hassle-free booking, please download the **myC&C** app.

The brochure is intended to demonstrate the general appearance of the new CITROËN C5 AIRCROSS. Some of the photographs depict left-hand drive vehicles whose specifications may not necessarily conform to vehicles imported into Singapore. Cycle & Carriage France Pte Ltd reserves the rights, whilst preserving the essential characteristics of the models described, to introduce at any time modifications and changes of details, equipment or accessories considered necessary.
